

## ***TAH RITA***

*\*Ubuntu\* \*our way\** as the name says we are here to embrace peace. During the seminar we heard of hate speech, fake news and so on but I was captured by the story of one man, do u know who that man is? Papa Nelson Mandela. This guy is really a preacher of peace. Can u imagine he was maltreated and put in prison and he later on became the president yet he did not bother to turn back and punish those who maltreated him he preach PEACE. Oh I love that and i have been trying to be like him as concerns the act of peace.

I had been a victim of the on going crisis. My younger brother was killed and I have been living full of hatred for a certain group of people but since I got this story of Papa Nelson I started embracing peace and living the rest for God.

*\*Ubuntu\* \*our way\** as the name says we are here to embrace peace.
